CONFERENCE 2023

International Rail Conference

Innovation and Technology: Changing the Future of Railway

12 - 13 October 2023 | Pragati Maidan | New Delhi

IRC 2023 - Organised together with the Indian Railway Equipment Exhibition (IREE), the International Rail Conference (IRC) aims to enhance the efforts of Government of India in making a world-class Railways System in the country. The conference will facilitate high-level discussions on emerging scope and opportunities of partnership in modernisation and expansion of Indian Railway.

Featured discussions on:

- | | | | |
|--|---|--|--|
| | Infrastructure growth, development and maintenance, | | Digital transformation and use of AI in Railway Business |
| | Domestic manufacturing ecosystem for Make in India, | | Safety and efficiency through innovation and technology, |
| | Innovative Financing for Rail Projects, | | Project Management, |
| | Freight and high-speed corridors | | Passenger experience |
| | Urban Transit System, | | Green Railways |

The discussions will open new avenues about latest and emerging technologies available as Railways is continuously enhancing passenger experience, using technology and bringing stakeholders into collaborative partnerships.
